In connection with it is a "pack' equipment for transporting the fish from the car to the mountain carcams. Seven pack horse have heen equipped with a device to carry cans. These will carry the fish to the mountain rivers, and especially to the high mountain lakes. Over 30 Oregon takes, which because of their high attitude, have never contained fish, will be stocked with trout.

"In a few years," declared Mr. Finley, "these high mountain lakes will be the greatest recreation places in the west. They will bring people into the state. "Temorrow," Mr. Finley continued, "we will commence the distribution of from 3000 to 5000 young hirds from our hatching farm five miles north of Corvallis. We set over 7000 eggs and have had a most successful hatching season.

"We will try to distribute the birds in every portion of Oregon. The China pheasant will go to eastern and Soustern Oregon; the Reves and Silver Golden pheasant to the Willamette valley. We have also 120 10 acres Bartlett, full bearing pairs of Hungarian partridges.

NEW TODAY

It is an assured fact that there will be street cars running into Siskiyou Heights within a year, and it is also a fact that a party has more property than he can well take care of and is offering a neat three-room house on a lot 70x15O feet, with a parking strip twelve feet wide in addition at a price that makes you a present of the house.

The place is piped for water, and the garden and small fruit is there, and in excellent condition. The electric wires for heat and light are in, and there is nothing lacking to make this a good home for anyone who is now renting and wants to get out of the rut. The place is less than a mile from the postoffice, and remember that the street cars will pass within two blocks of the foor.

Better investigate, as this value will surprise you.
